

Corporate Brochure

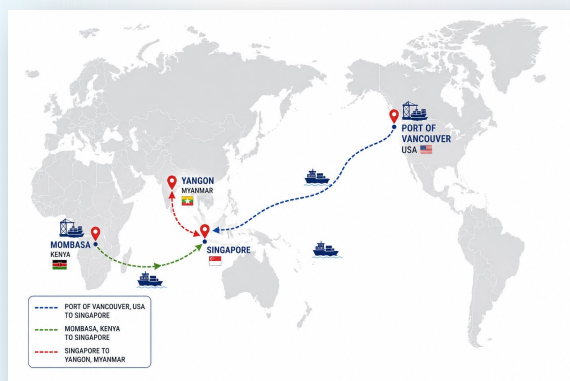

Connecting Markets

Our Story...

Founded in 2020, Kelin Company Limited is one of the emerging key traders of chlor-alkali products in Myanmar

The company grows fast by securing more competitive soda ash sources from Africa and North America.

Indian Ocean Trade & Trans-Pacific trade for soda ash

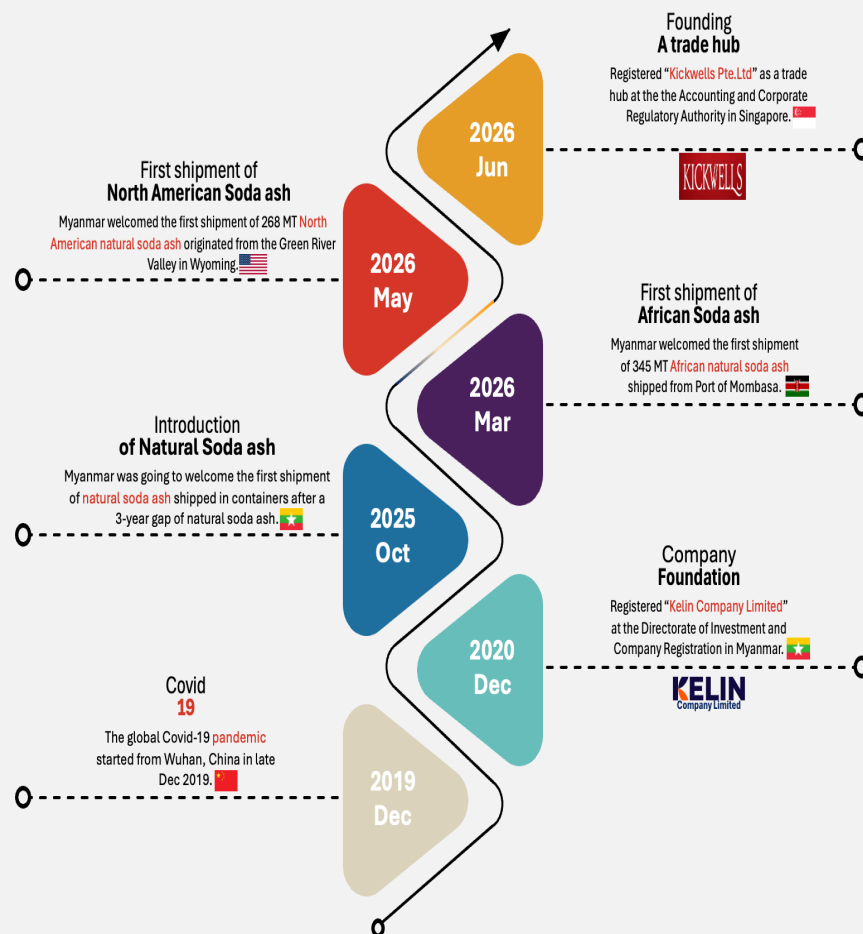

Our team of traders have deep expertise across a range of industries. We offer solutions and services designed to help businesses of all types manage their productions and grow.

Mission

Connecting geographically separated markets is the core mission of a commodity trader. In last few months, we could move physical raw materials, such as soda ash from remote places in Africa to locations with high demand in Asia.

Company Milestones

“Connecting Markets”
